

Changing Your Password (Students)

Changing your eSTORM password will update your email and BlackBoard passwords too!

Go to eSTORM: <https://eSTORM.swic.edu>.

DO YOU KNOW YOUR CURRENT PASSWORD?

If you know your current password, log in to eSTORM and click "Password Change" under "Main Menu". You will first need to match your current password. Then, you will enter what you have chosen as your new password two times.

DID YOU FORGET YOUR CURRENT PASSWORD?

If you have forgotten your current password, click "Reset/change password?" beneath the login box on the eSTORM homepage.

You will also need to know your student ID, social social security number and date of birth. Follow the instructions on the page.

NOTE: If you are a new student, or eSTORM help has just reset your password, your current password IS your default password.

NEED HELP?
